

Dear members,

On February 4, the Turkish American Association of Minnesota (TAAM) hosted Assembly of Turkish American Associations (ATAA) President Gunay Evinch for a briefing on ATAA's national strategy for grassroots activism. Over 50 Turkish American activists from TAAM as well as faith-based and student organizations weathered the bitter snow to hear Evinch speak on the ATAA's new Turkish American Board Advocacy Network (TABAN), Student Outreach, and Census 2010 SayTurk.

TAAM, a longtime ATAA component organization, will be working with ATAA on Census 2010 SayTurk to count an estimated 2000 Turkish Americans in Minnesota. Details about our upcoming event on March 20th, has been sent on a separate email.

For details about ATAA President Gunay Evinch's visit to Minnesota, please refer to ATAA's website link at:

Best regards,

TAAM Board of Directors
